IMPORTANT NOTICE

APPLICATION FOR THE BACHELOR OF INFORMATION TECHNOLOGY (BIT)

DEGREE PROGRAMME (EXTERNAL) – 26TH INTAKE – Academic Year 2026

Second Round Onboarding Registration on 25th July, 2026

If you've just completed your Advanced Level Examination, you can now take the next step immediately by registering early for the Bachelor of Information Technology (BIT) programme. This early registration opportunity is designed to give you a head start academically and professionally.

Upon registration, you will gain access to the Foundation Programme even before the formal academic year begins. This means you won't have to spend months waiting idly, instead, you'll be actively building essential IT knowledge and skills right away.

The Foundation Programme is carefully designed to:

- **Strengthen your understanding of core IT concepts**
- **Bridge any gaps in prior knowledge**
- **Build confidence before entering the main BIT curriculum**

By the time your academic year officially starts, you'll already be better prepared, more confident, and ahead of the curve.

Beyond academics, early engagement helps you connect with the programme and become part of the learning community from the very beginning. Students who start early often adapt more quickly, perform better, and stay more committed throughout their studies.

Choosing early registration also means choosing a smarter, more efficient pathway. Instead of waiting, you'll be progressing. Instead of uncertainty, you'll have direction.

Take advantage of this opportunity to get ahead register early, start learning sooner, and shape your future in IT with confidence.

Note:

1. **Registration for the BIT External Degree Programme – Academic year 2026 (Onboarding – Second Round) is scheduled to be conducted on 25th July 2026.**
2. **The first semester of the BIT Programme will commence on 5th October 2026.**

PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE YOU COMPLETE THE ONLINE APPLICATION.

Eligible students are invited to apply for the Bachelor of Information Technology (BIT) Degree Programme (External) based on the entry requirements given in Section 2.

The application form link is provided at the bottom of the page.
